

Catalina 27

THE SAILORS CHOICE

The interior is shown with the table fully opened. The table also folds in half or stores flat against the bulkhead. The hull liner and overhead are attractive textured molded fiberglass. A wide choice of available fabrics and upholstery allow you to design a distinctive interior. All trim and cabinetry are finished in teak.

The CATALINA 27

A proven combination of successful cruising and racing design features.

A large and enthusiastic National Class Association has helped to make the Catalina 27 one of the most active and popular one design racer cruisers sailing today.

The Catalina 27's outstanding performance and handling characteristics, combined with a comfortably and efficient cockpit make the 27 a joy to sail, whether racing or cruising.

The settee on the starboard side makes up into a comfortable double berth. The Catalina 27 sleeps a total of six.

The head compartment is forward and to starboard. The head has a molded in shower pan, an opening overhead hatch, white formica bulkheads and a mirrored storage unit.

The galley arrangement has been designed for efficient meal preparation and easy access to the cockpit. The galley is equipped with plastic laminate counter tops, a stainless steel sink and a gimballed stove. The fiberglass lined, insulated ice box has a teak chopping block lid.
